

JOB ANNOUNCEMENT

Mosquito Control Technician

Alameda County Mosquito Abatement District is seeking an exceptional entry or mid-career candidate who will be responsible for conducting a planned program of mosquito detection and control abatement, assisting support staff, and performing related work as required.

ANNUAL SALARY RANGE

\$100,623.36 - \$141,849.60

BENEFITS

- CalPERS pension retirement
- Medical, dental, and vision coverage
- Vacation and sick leave
- Paid holidays

MINIMUM REQUIREMENTS

- Equivalent to graduation from high school.
- Possess a valid California driver's license.
- Possession of, or the ability to obtain and maintain:
 - Mosquito Control Technician Certificate
 - Vertebrate Vector Control Certificate
 - Invertebrate Vector Control Certificate
- Ability to pass a job-related pre-employment physical ability test.

HOW TO APPLY:

Please [click here](#) or scan the QR code below for more information about the Mosquito Control Technician position.

Application Deadline: June 26, 2026 at 5 p.m.

ESSENTIAL JOB DUTIES

- Carries out a thorough inspection and control treatment program for mosquito control;
- Identifies both larval and adult stages of mosquito species;
- Follows District safety procedures and other regulatory requirements when using pesticides and District equipment;
- Participates in disease surveillance, entomological research, mapping, public education, and public relations;
- Participates in the maintenance of equipment and facilities;
- Prepares daily work reports, and uploads field information into the District's database;
- Occasionally performs other tasks or functions not stated in this description, but within the scope of experience and capability.

WORKING CONDITIONS

- The position is a full-time, non-exempt position with a Monday-Friday work schedule;
- Employees work in both field and office settings;
- Applicants must have the physical ability to bend, walk, and lift up to 50 pounds.
- Applicants may be exposed to and handle toxic and hazardous substances; be available on call for evening and weekend emergencies, as assigned; travel within and outside the county; work, when necessary, in inclement weather including sun, cold, and rain.
