- 13. Board President asks for brief announcements from members of the Board.
- 14. Board President asks trustees for items to be added to the agenda for the next Board meeting.
- 15. Adjournment.

ANYONE ATTENDING THE MEETING MAY SPEAK ON ANY AGENDA ITEM AT THEIR REQUEST.

Please Note: Board Meetings are accessible to people with disabilities and others who need assistance. Individuals who need special assistance or a disability-related modification or accommodation (including auxiliary aids or services) to observe and/or participate in this meeting and access meeting-related materials should contact Ryan Clausnitzer at least 48 hours before the meeting at 510-783-7744 or acmad@mosquitoes.org.

IMPORANT NOTICE REGARDING MEETING PARTICIPATION:

All members of the public seeking to observe and/or to address the local legislative body may participate in the meeting by attending in person at the address listed above, telephonically, or otherwise electronically in the manner described below.

HOW TO OBSERVE THE MEETING:

In Person: Attend in person at the Office of the District located at 23187 Connecticut Street, Hayward, CA 94545. **Telephone**: Listen to the meeting live by calling Zoom at **(669) 900-6833** Enter the **Meeting ID#** 851 3955 6831 followed by the pound (#) key.

Computer: Watch the live streaming of the meeting from a computer by navigating to https://us02web.zoom.us/j/85139556831

Mobile: Log in through the Zoom mobile app on a smartphone and enter **Meeting ID#** 851 3955 6831 **HOW TO SUBMIT PUBLIC COMMENTS**:

Before the Meeting: Please email your comments to acmad@mosquitoes.org, write "Public Comment" in the subject line. In the body of the email, include the agenda item number and title, as well as your comments. If you would like your comment to be read aloud at the meeting (not to exceed three minutes at staff's cadence), prominently write "Read Aloud at Meeting" at the top of the email. All comments received before 12:00 PM the day of the meeting will be included as an agenda supplement on the District's website under the relevant meeting date and provided to the Trustees at the meeting. Comments received after this time will not be read aloud but will be added to the record after the meeting.

During the Meeting: The Board President or designee will announce the opportunity to make public comments. Speakers will be asked to provide their name and city of residence, although providing this is not required for participation. Each speaker will be afforded up to 3 minutes to speak unless another time is specified. Speakers should remain silent and/or will be muted until their opportunity to provide public comment.

In Person: Members of the public may raise their hand and wait to be recognized by the Board President or designee. **Telephone**: Press star (*)9, which will alert staff that you have a comment to provide.

Computer or Mobile: Use the "raise hand" feature to alert staff that you have a comment to provide.

PUBLIC RECORDS:

Public records that relate to any item on the open session agenda for a meeting are available for public inspection. Those records that are distributed after the agenda posting deadline for the meeting are available for public inspection at the same time they are distributed to all or a majority of the members of the Board. The Board has designated the District's website located at https://www.mosquitoes.org/board-of-trustees-regular-meetings as the place for making those public records available for inspection. The documents may also be obtained by emailing acmad@mosquitoes.org.

CEQA NOTICE:

Unless expressly stated otherwise on the agenda (that an MND or EIR is being considered), discretionary actions taken on agenda items will include a finding by the Board that the action is exempt under CEQA. More information about the CEQA determination can be found in the corresponding staff report.

MINUTES

1111th MEETING OF THE BOARD OF TRUSTEES OF THE ALAMEDA COUNTY MOSQUITO ABATEMENT DISTRICT

March 8th, 2023

TIME: 5:00 P.M.

PLACE: In person at the Office of the District

23187 Connecticut Street, Hayward, CA 94545 or

Joined remotely via teleconference. see below for additional details.

TRUSTEES: Victor Aguilar, President, City of San Leandro

Cathy Roache, Vice-President, County-at-Large Shawn Kumagai, Secretary, City of Dublin

Tyler Savage, City of Alameda: from 2315 Lincoln Ave, Alameda, CA Robin López, City of Albany: from 435 Gooding Way #456 Albany, CA

P. Robert Beatty, City of Berkeley

Courtney Welch, City of Emeryville: from 6301 Shellmound St, Emeryville CA

George Young, City of Fremont Elisa Márquez, City of Hayward Steven Cox, City of Livermore Eric Hentschke, City of Newark Jan O. Washburn, City of Oakland

Hope Salzer, City of Piedmont: from 76 Cambrian Ave, Piedmont, CA Valerie Arkin, City of Pleasanton: from 3740 Newton Way, Pleasanton, CA

Subru Bhat, City of Union City

1. Board Vice-President Roache called the regularly scheduled board meeting to order at 5:04 P.M.

- Trustees Roache, Beatty, Young, Márquez, Cox, Hentschke, Washburn and Bhat were
 present in-person at the district. Trustees Savage, Welch, Salzer, and Arkin attended remotely
 from the publicly posted locations noted above. President Aguilar along with Trustees
 Kumagai and López were absent.
- 3. Board Vice-President Roache invited members of the public to speak on any issue relevant to the District. Information & Technology Director, Robert Ferdan, was present for technical support. Financial & HR Specialist, Michelle Robles, was present for item #5. Vector Biologist Sarah Lawton attended remotely to record the minutes. No public comments were submitted.
- 4. Approval of the minutes of the 1110th meeting held February 8th, 2023.

Motion: Trustee Washburn moved to approve the minutes

Second: Trustee Arkin

Vote: Motion carries: unanimous.

5. Proposal to change credit card providers from US Bank Cal-Card to Umpqua Card Services **Discussion**:

The General Manager and Finance & HR Specialist gave the staff report before turning over the recommendation to the Finance Committee, reported by Chair Márquez. Trustee Savage asked how the county and other commissions process these types of expense requests (as the district is not part of the county, it is free to use whatever service the Board choses and Umpqua is a business affiliate of CSDA, recommended by many special districts.) Vice-President Roache asked if there are the same safeguards as WEX cards if using for fleet services? (Yes) Trustee Cox asked if checks and balances will be in place with Umpqua adding that more efficiencies can often reduce safeguards (yes, Umpqua will be more efficient and effective). Trustee Arkin asked what the net dollar difference with fees and rebate (if we put more on the credit card than we have previously, which we will with more accountability, the cash-back will be more than we previously collected).

Motion: Trustee Beatty moved to approve the change

Second: Trustee Washburn **Vote:** Motion carries: unanimous.

6. Resolution 1111-1 nominating a Trustee as candidate to the regular special district seat on the Local Agency Formation Commission

Discussion:

After some background by the General Manager, Trustee Bhat offered that he is interested in being a candidate to the LAFCO Board. Trustee Beatty nominated Subru Bhat. Trustee Arkin asked if you are qualified sitting on two legislative bodies (one can represent a special district or city on LAFCO, but not both—thus, all elected council members/ Trustees are not qualified on the LAFCO Board) Trustee Bhat mentioned that he would be ineligible as a public member as he is a Trustee of a special district.

Motion: Trustee Beatty moved to approve Trustee Bhat as the nominee

Second: Trustee Márquez **Vote:** Motion carries: unanimous.

7. Appointment of a nominating committee to identify a candidate for an upcoming vacant district Board Secretary position

Discussion:

The General Manager explained that the City of Dublin replaced the Trustee last night and that replacement will be attending in April, but the Board must nominate a new Secretary by first forming a nominating committee. Trustee Márquez requested to clarify her starting date (after confirming, her start date was in March of 2015.) Trustee Beatty volunteered to be on the nominating committee which Trustee Márquez also joined. Trustee Cox asked if this was just to nominate the person to be considered Secretary (Yes.) Vice-President Roache asked if there is a number of Trustees needed for the nominating committee (more than one Trustee is fine.)

Motion: Trustee Salzer moved to approve the nominating committee

Second: Trustee Bhat

Vote: Motion carries: unanimous.

8. Financial Reports as of February 28th, 2023

Discussion: none

9. Presentation of the Monthly Staff Report

Discussion:

The General Manager summarized the staff report. Trustee Cox asked how this rain will affect mosquito production (staff is actively controlling sources in this unique situation.) Trustee

Washburn added that tree-hole mosquitoes will be very prevalent this year with many tree-holes being filled later in the season. Trustee Savage asked if there will be any more community outreach with all the rain? (Yes, especially with many more events being back inperson this year.) Trustee Salzer asked how treatments work exactly/ what is meant by that term, is it the same as using pesticides (treating mosquitoes is a catch-all term for physical, biological, or chemical (insecticide) mosquito control.) Trustee Washburn added that the most common "treatment" is an organic bacterium, *Baclillus thuringensis israelisis*. Trustee Salzer added that she was approached by the <u>Piedmont Post</u> regarding her role on the mosquito abatement Board and how she passed the article along to the General Manager before it was published. Trustee Salzer also added that outreach may add simple messages in newspapers discussing what to do in your own yard. (yes, good idea) Trustee Bhat added that many do not know that mosquito abatement exists, and they are often pleasantly surprised that they are paying for it already.

10. Presentation of the Manager's Report

Discussion:

Trustee Washburn asked when the General Manager plans to present before the Oakland City Council (he was waiting until some internal Oakland issues resolve themselves before requesting a meeting, the same for Alameda County).

11. Board Vice-President Roache asks for reports on conferences and seminars attended by Trustees:

Discussion:

The General Manager summarized the Annual Meeting for AMCA and ACMAD's contributions.

12. Board Vice-President Roache asks for brief announcements from members of the Board: **Discussion**:

Trustee Washburn will be hosting an aquatic insect and newt display at the Berkeley Botanical Garden on Sunday, March 12th from 11am-3pm, depending on the weather.

13. Board Vice-President Roache asks trustees for items to be added to the agenda for the next Board meeting.

Discussion:

The General Manager expects to have a discussion on the budget, so would like to have a brief Finance Committee meeting before the next Board meeting and reminded Trustees that the same Brown Act rules will exist for meetings moving forward. Trustee Beatty asked if you could have any reason for not attending in person (as long as you do not mind listing a publicly available address.) Vice-President Roache added that a quorum counts even if you are online (yes, as long as you are in the county.) Trustee Washburn asked if it does not have to be an emergency to attend remotely (only if you don't want to post your address and make the location publicly available.).

14. Adjournment at 6:09 pm

Respectfully submitted,

Approved as written and/or corrected at the 1112th meeting of the Board of Trustees held April 12th, 2023

Victor Aguilar, President BOARD OF TRUSTEES

Secretary BOARD OF TRUSTEES

RESOLUTION NO. 1112-1

ALAMEDA COUNTY MOSQUITO ABATEMENT DISTRICT

COMMENDATION TO: Elisa Márquez

WHEREAS: You, Elisa Márquez, served on the Board of Trustees

of the District, representing the City of Hayward since your appointment in March of 2015 until you joined the Alameda County Board of Supervisors on April

4th, 2023, and

WHEREAS: You; served as President of the Board of Trustees in

2018 leading an improved manager contract and evaluation process along with the district's first

strategic planning session, and

WHEREAS: You; as a member of the Salary Committee where you

successfully led the district through multiple

successful labor negotiations, and

WHEREAS You, as member of the Policy Committee who ensured

the Board provided clear and concise direction and

authority for district staff, and

WHEREAS You, as Chair of the Finance Committee who

supported the district's long-standing efforts to remain

fiscally responsible, transparent, and efficient, and

WHEREAS: You, barely missed a meeting in your eight years on

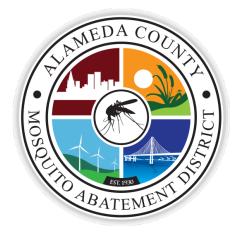

the board, were engaged and respectful when present,

and left the district better than you found it, and

RESOLVED: We, the undersigned Board of Trustees, and General

Manager, do hereby extend our sincere appreciation

for your dedication of service to this district.

OPERATIONS REPORT Α.

Rainfall in March continued the trend of this being one of the wettest rainfall seasons on record at least since the 1983 season. Operations staff spent much of the month ensuring that larvae of our fall/winter mosquito species: Aedes squamiger, Aedes washinoi, Aedes sierrensis, and Culiseta inornata, were treated to limit adult emergences. Concurrently, operations staff efforts county-wide were spent on surveillance and treatment of larval Culex tarsalis. March has consistently been a transitional month for operations staff closing out fall/winter species and moving into our spring/summer species as they become active. Our fall/winter species tend to be of less concern in terms of disease transmission potential, however, most are aggressive day-biters that can generate high volumes of calls from our public. Responding to these calls can be time-consuming and pull operations staff from efforts towards our spring/summer species. All three of our spring/summer Culex spp. Mosquitoes: Cx. tarsalis, Culex pipiens, and Culex erythrothorax have significant potential to vector West Nile virus. Active early control efforts towards larvae of these species are critical in limiting the number of potential disease vectoring adults in the environment for months to come. Early indications via post treatment inspections, field observations, and ACMAD lab adult mosquito trapping look positive in terms of control of our fall/winter species. The aforementioned measures, along with service request data during the month of April will confirm the levels of control achieved.

While high levels of water remained and will remain for months to come in many sources county-wide, some sources such as creeks, canals, storm drains and catch basins have received consistent and continual flushing. This has delayed the potential for mosquito breeding in these source types. Operations staff continue to assess both the positive and negative impacts of this season's rains. Some historic sources have been dramatically modified or even eliminated. Some will take years to go back to being potential mosquito breeding sources. At the same time, several new areas have become potential mosquito breeding sites and have been added into the ACMAD database. These will be monitored. along with our historical sources until they dry up.

Requests for service received from the public during March were well below the ten-year average for the month. Requests to "report standing water" were the predominant call responded to by operations staff. in back yard sources such as; containers (buckets, cans, flowerpots etc.), tarps, tires, ponds, fountains, and unmaintained swimming pools will remain and pose potential mosquito breeding issues for months to come. Over half of the requests to "report a mosquito problem" were attributed to Chironomid midges. These "mosquito-like" insects are starting to emerge in mass and do not bite, nor transmit disease, but they often appear around homes and businesses in "swarms" and elicit concern from the public. Banner rainfall seasons such as the one we are experiencing will produce significant numbers of numerous insect species and operations staff routinely explain the differences between mosquitoes and mosquito-like insects to the public in the course of their days.

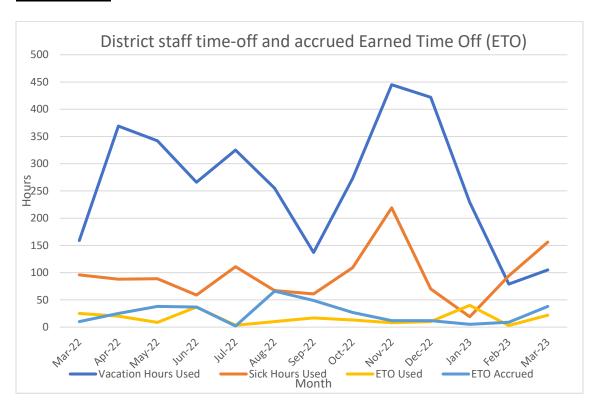

Field Operations Supervisor Joseph Huston

Operational Report

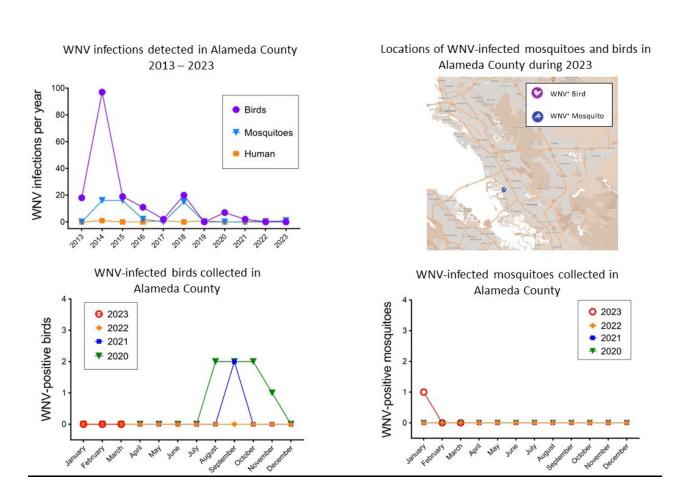

Service Requests February 2023

Activity Report

WNV Activity

B. LAB

Summary

- Arboviruses in mosquitoes. The vector species that were collected in mosquito traps during March were not
 infected with West Nile virus (WNV), Saint Louis encephalitis virus (SLEV) or Western equine encephalitis
 virus (WEEV). For the year, mosquitoes from a single trap were found to contain WNV (collected during
 January, 2023)
- Arboviruses in birds. WNV, SLEV, and WEEV were not detected in birds during March of 2023.
- *Native mosquitoes.* A total of 182 EVS traps were placed during March, catching 1,829 adult female mosquitoes (10.1 mosquitos per trap night).
- Sentinel chicken flocks will be returned to service during mid-spring of 2023
- Invasive Aedes mosquitoes were not detected in Alameda County during 2023.

Arbovirus Monitoring

- WNV was last detected in mosquitoes during January 2023 (WNV Activity figure, above). SLEV and WEEV
 have not been detected in the County for over a decade.
- WNV was not detected in birds or mosquitoes during October. WNV was last detected in birds collected in Alameda County during September 2021 (WNV Activity figure, above).
- A human WNV case from 2022 was reported to California Department of Public Health during February 2023 and to ACMAD the following month. Our web site and the WNV Activity graphs (above) have been updated with this information.
- The sentinel chicken flocks will be returned to service during mid-spring of 2023.

Native Mosquito Abundance

- The following three species are the principal transmitters of WNV, SLEV and WEEV in California: Culex pipiens (occurs predominantly in urban settings), Culex tarsalis (associated with marsh and peri-urban areas), and Culex erythrothorax (occurs exclusively in marsh but adults can disperse into nearby communities).
- Wind and rain discourage adult mosquitoes from flying to seek blood meals. Sequential days without rain
 or high wind during the month of March hampered our ability to place effective mosquito traps.
 Consequently, only 182 traps were placed, most of which occurred during the later half of the month.
- A total of 1,829 adult female mosquitoes were collected (10.1 mosquitoes per trap night), which was 1.7-fold higher than the prior month, but substantially lower for the same period of 2022 (Figure 1). As the weather was overall cool and windy, the abundance of all species was very low (Figure 2 and Figure 3). As with last month, *Culiseta inornata*, a species that does not transmit arboviruses to people, was the most common species in EVS traps, followed by *Culex tarsalis* (Figure 3).
- Mosquito trapping was focused on the southern bayside regions of the county where the abundance of
 vector and highly nuisance species are typically highest. The majority of the adult mosquitoes that were
 collected in those regions were not arbovirus vectors (Figure 4). However, the quantity of Cx. tarsalis that
 was collected was 1.3-fold higher than the prior month, suggesting that this may be the beginning of their
 reproduction period for this year. A small quantity of Aedes washinoi continued to be collected, but the
 abundance was lower than the prior year (not shown).

LAB FIGURES

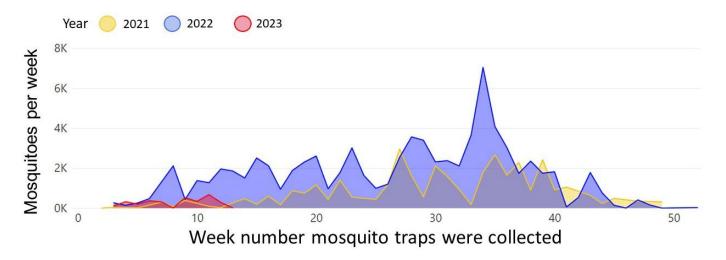

Figure 1. Mosquitoes captured in EVS CO, traps from 2021 – 2023. A total of 1,829 adult female mosquitoes were captured in EVS CO, traps during the month and identified to species. Week 24 of 2021 was excluded from the graph because the high anomalous abundance that week skewed the y-axis.

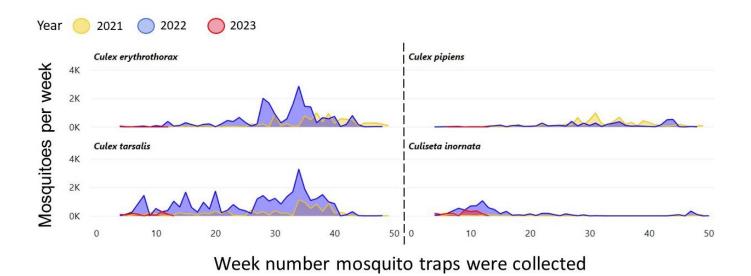

Figure 2. Weekly abundance of important mosquito species during 2021, 2022 and 2023.

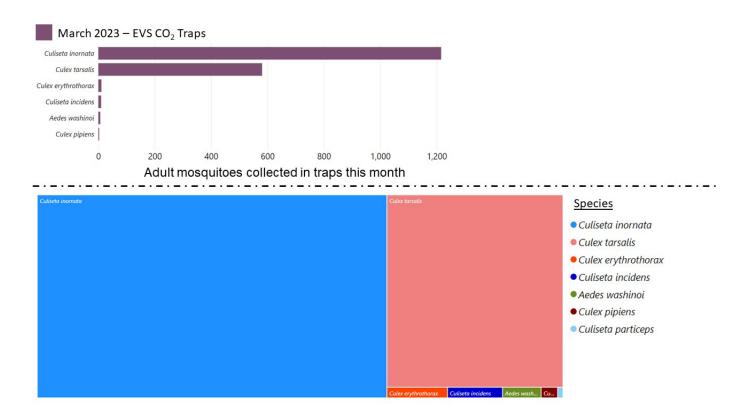

Figure 3. The most abundant species of mosquito captured using EVS CO₂ traps. Larger squares and rectangles indicate higher abundance of that species.

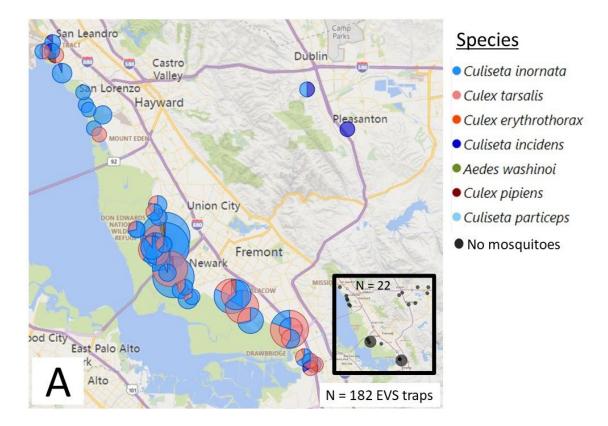

Figure 4. Mosquito abundance by trap site evaluated using EVS CO₂ traps. Pie charts over trap sites indicate the distribution of mosquito species collected at the trap site. The size of each pie chart indicates the relative number of mosquitoes at each site during the month in (A) Alameda County (the insert shows traps that were placed but did not collect mosquitoes).

April 2023

The State Legislature's policy committees are now in full swing taking up the more than 2,600 bills introduced in 2023, including CSDA sponsored legislation related to emergency remote Brown Act meetings. In the meantime, the California Air Resources Board (CARB) is poised to consider adoption of a zero emission vehicle mandate for all medium-duty and heavy duty vehicles at its April 27-28 meeting. Be sure to respond to CSDA's Calls-to-Action and register for the May 16-17 Special Districts Legislative Days in Sacramento before the April 21 Early Bird Deadline.

Inside this edition of the Take Action Brief:

ACTION ALERT: Submit comment letters on CARB zero emission vehicle mandate	2
FEEDBACK REQUEST: How would ".gov" website domain mandate impact your district?	3
As Governor expands State of Emergency to 48 counties, CSDA works to extend emergency remote meeting authority	4

> ACTION ALERT: Submit comment letter on CARB zero emission vehicle mandate

The California Air Resources Board (CARB) has released an updated draft of its proposed Advanced Clean Fleet (ACF) Regulation and special districts and others have until April 7, 2023 to respond to the formal 15-Day Comment Period.

CARB's regulation seeks to mandate zero emission vehicles (ZEV) for all medium-duty and heavy-duty vehicles purchased starting January 1, 2027, with many agencies required to purchase 50 percent ZEV from 2024 – 2026. This will have a major impact on local agencies using Class 2b – 8 vehicles (those vehicles with gross vehicle weight rating of 8,500 lbs. or more).

CSDA will submit a formal comment letter together with city and county partners and is encouraging all affected special districts to submit their own comment letter.

Submit ACF Regulation Comment Letter to CARB

Download CSDA's Sample Letter at https://csda.net/carb-zev-letter or request a sample letter from your CSDA Public Affairs Field Coordinator. Please email a copy of your letter to advocacy@csda.net.

Written comments will only be accepted on the modifications identified in CARB's Notice. Comments may be submitted by postal mail or by electronic submittal no later than the April 7, 2023 due date to the following:

Postal mail: Clerks' Office, California Air Resources Board 1001 I Street, Sacramento, California 95814 Electronic submittal: https://www.arb.ca.gov/lispub/comm/bclist.php

The full CARB board is expected to take up the proposed ACF regulation at their upcoming April 27-28, 2023 meeting.

Details regarding CARB's latest ACF proposal are available here:

Advanced Clean Fleets | California Air Resources Board

CSDA has also released an <u>updated fact sheet</u> on the ACF draft regulation.

FEEDBACK REQUEST: How would a ".gov" website domain mandate impact your district?

CSDA is seeking member feedback on Assembly Bill 1637 (Irwin), which would require the following:

No later than January 1, 2025, a local agency, including a special district, that maintains an internet website for use by the public will be required to ensure that the internet website utilizes a ".gov" top-level domain or a ".ca.gov" second-level domain. A local agency that maintains public email addresses for its employees will also be required to ensure that each email address provided to its employees utilizes a ".gov" domain name or a ".ca.gov" domain name.

If a local agency maintains a website for use by the public that is noncompliant by January 1, 2025, it will be required to redirect that website to a domain name that does comply.

Please provide responses to Senior Legislative Representative Aaron Avery at aarona@csda.net.

- 1. Does your agency already use a ".gov" or ".ca.gov" domain?
- 2. If your agency has already transitioned to a .gov or .ca.gov domain, approximately how much did it cost to make the transition (e.g., coding, IT support, labor, lost productivity, stationary, vehicle wrapping, training and community outreach, etc.)?
- 3. If your agency has already transitioned to a .gov or .ca.gov domain, was your agency's preferred domain name/web address available? How long did you wait to receive your web address after requesting it?
- 4. If your agency has already transitioned to a .gov or .ca.gov domain, please describe any challenges or other information you would like to share about the transition process.
- 5. If your agency has already transitioned to a .gov or .ca.gov domain, have you achieved any cyber security or other benefits as a result? If so, please describe.
- 6. If your agency has <u>not</u> already transitioned to a .gov or .ca.gov domain, please estimate the approximate amount it will cost to make the transition (e.g., coding, IT support, labor, lost productivity, stationary, vehicle wrapping, training and community outreach, etc.).
- 7. If your agency has <u>not</u> already transitioned to a .gov or .ca.gov domain, please describe any challenges or other information you would like to share about the anticipated transition process.
- 8. If your agency has <u>not</u> already transitioned to a .gov or .ca.gov domain, has your agency requested or secured a .gov or .ca.gov domain?

NOTE: Due to AB 1637, and pending federal efforts that may eventually result in a requirement for local agencies to transition to a .gov domain, it may be advisable to <u>request</u> a .gov web address now.

As Governor expands State of Emergency to 48 counties, CSDA works to extend emergency remote meeting authority

On March 28, 2023 Governor Newsom expanded his previous storm state of emergency declaration to also include the counties of Alameda, Marin, Modoc, and Shasta. Those counties join 43 others already under a state of emergency declaration.

Local agencies attempting to operate during this emergency and continue to conduct the people's business remain well-positioned to function as a result of changes to the Brown Act under AB 361 (R. Rivas, 2021) that allowed for emergency remote meetings to be held. However, these statutory provisions will only remain in place until the end of 2023— unless this year's AB 557 (Hart) is signed into law.

CSDA sponsored AB 361 and is sponsoring AB 557 and calling upon special districts to learn more and submit a letter of support through the CSDA website, at csda.net/advocate/take-action/brown-act557. CSDA is also collecting experiences from its members about the impacts the recent storms have had on district meetings, feedback that can be submitted by visiting csdaforms.wufoo.com/forms/q1prcmo50dh1p76/.

Other 2023 Brown Act bills of note include the following:

AB 817 (Pacheco) — This bill would allow "subsidiary bodies" (i.e., a legislative body that serves exclusively in an advisory capacity and is not authorized to take final action on legislation, regulations, contracts, licenses, permits, or any other entitlements) to meet remotely without the Brown Act requirements traditionally associated with teleconferencing (e.g., that agenda meeting notices are posted at all teleconference locations) and without regard to any emergency situation. Each member of the subsidiary body would be required to participate through both audio and visual technology.

<u>SB 411 (Portantino)</u> — This bill would allow a board, commission, or advisory body of a local agency, the membership of which board, commission, or advisory body is appointed and which board, commission, or advisory body is otherwise subject to the Brown Act to use teleconferencing in order to hold public meetings. This bill is also an urgency measure, requiring the support of two-thirds of both houses to pass.

AB 1379 (Papan) — This bill would provide that a local agency may instead post agendas at a singular designated physical meeting location, rather than at all teleconference locations. The bill would remove the requirements for the legislative body of the local agency to identify each teleconference location in the notice and agenda, that each teleconference location be accessible to the public, and that at least a quorum of the members participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. The bill would instead provide that, for purposes of establishing a quorum of the legislative body, members of the body may participate remotely, at the designated physical location, or at both the designated physical meeting location and remotely. The bill would require the legislative body to have at least two meetings per year in which the legislative body's members are in person at a singular designated physical meeting location. Notably, AB 1379 also revises a number of provisions added to the Brown Act by AB 2449 (Lee, 2022).

<u>SB 537 (Becker)</u> — This bill would allow boards, commissions, or advisory bodies of multijurisdictional, cross county agencies, the membership of which is appointed, to use the emergency remote meeting provisions of AB 361 without regard to an emergency. "Multijurisdictional" in this sense means a legislative body that includes representatives from more than one county, city, city and county, special district, or a joint powers entity. This bill expands the definition of "just cause" added as part of AB 2449 to include situations in which an immunocompromised child, parent, grandparent, or other specified relative requires the member to participate remotely.
