

I am attracted to lights

## ADULT

I use CO<sub>2</sub> and heat to find my next meal

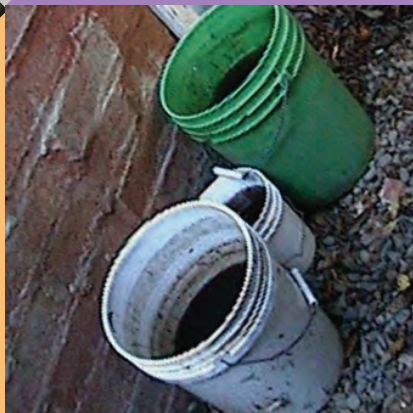

There are up to 300 of us stuck together

## EGG RAFT

I can be found floating on the surface of the water

I molt four times as I grow

## LARVAE

I breathe air from a long tube called a siphon

My nickname is "Tumbler"

## PUPA

Even though I am alive and moving, I cannot eat
